- Linear equations and inequalities
- Quadratic equations and functions
- Problem Solving & Data Analysis
- Ratios, proportions, and percentages
- Statistics & probability basics
- Geometry fundamentals
- Advanced Math

SUMMARY

Passionate and adaptive tutor with a proven track record of transforming struggling students into high achievers. Skilled in simplifying complex concepts, leveraging technology, and creating personalized learning plans to foster deep understanding and exam success. With expertise in SAT, GCSE, Alberta, and IGCSE curricula, I consistently help students exceed their potential, improving grades from C to A+ while boosting confidence and long-term learning skills.

WORK EXPERIENCE

Maths Tutor 2022 – Present

FunLearn Education, Lekki

- **Challenge:** Students needing help with foundational concepts in Math and Science, consistently achieving C grades, and facing difficulties passing SAT, GCSE, Checkpoint, and Alberta exams.

Action: Designed customized lesson plans focusing on individual weaknesses, introduced interactive and practical problem-solving methods and provided consistent progress monitoring through regular assessments.

Result: Enabled students to improve their grades from C to A+, with an improved success rate in SAT, Checkpoint, GCSE, Alberta, and IGCSE exams, fostering confidence and a deeper understanding of core subjects.

VOLUNTEER WORK

Maths Teacher | NYSC 2019 - 2020

Isiakenesi Community School, Imo

- **Challenge:** Senior Secondary School students in a rural community faced significant difficulties grasping key mathematical concepts and lacked adequate exam preparation.

Action: Delivered tailored lessons to address foundational gaps, utilized relatable examples to simplify complex topics and conducted intensive revision sessions to build exam readiness.

Teaching & Technical Delivery

- Interactive digital lesson presentation
- Use of screen-sharing tools
- PDF annotation tools
- Creation of worksheets, practice sets, and quizzes

Result: Achieved marked improvements in students' understanding and performance, with many demonstrating increased confidence and successfully passing their exams.

TOOLS

- Google Meet or Zoom
- Digital whiteboards
- Google Slides
- SAT practice platforms (Khan Academy, Bluebook)
- Quizizz, Kahoot
- Canva
